Mr. Jim Carson
Carson, Ashley & Associates, LLC
410 Rosedale Court, Suite 200
Warrenton, Virginia 20186

Dear Jim,

I want to take this opportunity to thank Carson, Ashley and Associates for the help you have provided the Fauquier SPCA in the planning and design of our new animal intake building. The SPCA, as a non-profit organization, has limited funds and your willingness to work with us in keeping the costs down is greatly appreciated.

Your staff patiently explained each step as we progressed in the site plan development. Your engineers were easy to work with and responsive to our needs and time frame as well as the requirements of both County and State governments during the approval process. As an animal shelter we must comply with certain rules and regulations of the Virginia Department of Agriculture and Consumer Services.

I realize that the layout for this building presented some obstacles but your planners and engineers found solutions to the limited space available and the drain field issues.

I would be pleased to recommend Carson, Ashley and Associates to any organization that is planning to build a new structure, particularly when that organization, like the SPCA, has limited experience in construction requirements.

Sincerely,

Dennis B. Hunsberger
Member, Board of Directors
